

# EduNest

Empowering Parents, Enabling  
Teachers, Elevating Communication

# Introduction to EduNest

EduNest is a proposed digital system designed to strengthen the bond between parents and schools. It provides real-time access to student updates, fostering a proactive and informed parental engagement in their child's educational journey.

# Key Objectives

## Improved Transparency

Ensuring clear and consistent visibility into student activities and performance.

## Timely Updates

Delivering real-time information to parents, minimizing communication delays.

## Better Academic Tracking

Providing tools for parents to monitor and support their child's academic progress.

## Building Parent-School Trust

Fostering a collaborative environment based on mutual understanding and shared goals.

# Target Users: Parents

EduNest is exclusively designed for parents, ensuring they stay fully engaged and informed about their child's school activities. The intuitive interface and features cater specifically to parental needs.

- Dedicated platform for parental access.
- User-friendly design for easy navigation.
- Focus on relevant information for parents.

# Core Features

## Attendance Tracker

Real-time attendance records with daily, weekly, and monthly summaries.

## Photo Gallery

Regularly updated event and activity photos for parents to view.

## Homework Updates

Daily homework and classwork details available per subject.

## Important Notifications

Alerts on exams, events, holidays, circulars, and other key announcements.

## Teacher's Remarks

Specific remarks related to academics, behavior, or any key observation from teachers.

## Principal's Notes

Periodic messages, updates, or guidance directly from the principal.

# Benefits to Parents

## Real-time Updates

Immediate access to critical information, fostering proactive engagement.

## Reduced Information Gaps

Ensuring parents are always well-informed about school happenings and their child's progress.

## Better Involvement

Empowering parents to participate more effectively in their child's academic and social development.

# Benefits to School

Implementing EduNest streamlines communication and operational efficiency for schools, leading to a more harmonious educational environment.

- Enhanced parent satisfaction and loyalty.
- Fewer communication errors and misunderstandings.
- More efficient administrative processes and reduced workload.
- Improved data management for student records.

# Future Enhancements & Call to Action

1

## Digital Fee Payment

Streamlining school fee collection through the app.

2

## PTM Scheduler

Online scheduling for parent-teacher meetings.

3

## Child Progress Analytics

Detailed insights into student performance trends.

We propose an implementation timeline of 3-6 months. Let's collaborate to bring EduNest to your school and foster a stronger educational community.
